Guide to Using the Land Use Bylaw

The Land Use Bylaw establishes the regulations on how land can be developed (that is, how land can be used and buildings can be either constructed or moved) within the Village of Longview. Regulations vary depending on the location and types of development. Other Bylaws or regulations of the County of Province or Federal Government must also be followed.

There are several parts of the Land Use Bylaw that need to be examined to understand how it works. Firstly, the Land Use Bylaw maps divide the Village into various Land Use Districts. Secondly, the text of the Land Use Bylaw details the uses that are allowed in each District. Thirdly, the text provides additional regulations that apply to certain uses and/or within certain Districts. The following steps may assist the user:

Locate the subject property on the Land Use District maps. These maps divide the Village into the various Land Use Districts. Each Land Use District has a designation such as RESIDENTIAL SINGLE DETACHED or CB CENTRAL BUSINESS. Take note of which Land Use District the subject property is located in. Also note if the subject property is affected by an Area Structure Plan which may modify some of the uses and regulations of the Land Use Bylaw or impose additional regulations. PLEASE NOTE: Land Use Districts are often referred to as Zones or Zoning. In order to conform to the language of the Municipal Government Act, this document uses the terms District and Districting.

Check the table of contents and locate the Land Use District you are interested in. Each Land Use District is listed starting in PART 13. In each Land Use District you will find a list of permitted and discretionary uses, subdivision regulations, development regulations and other miscellaneous regulations. This determines how and what can be developed in a given Land Use District. There are definitions in PART 1 that should also be consulted to ensure that words and terms used in the Land Use Bylaw are understood.

Review the table of contents to see if there are any general regulations that apply to the use in question. For example, PART 8 describes Right of Entry procedures, PART 11 contains general regulations about fencing and PART 12 contains regulations about Recreational Vehicles, just to name a few.

Discuss your proposal/concern with Village Administration. Administration is able to assist you with your development/subdivision or general inquiry issues and to explain provisions. Administration can also assist with other situations such as enforcement or a Land Use Bylaw amendment.

NOTE: THIS PAGE IS INTENDED ONLY TO ASSIST USERS AND IS NOT PART OF THIS BYLAW.
