Dear Mayor Wight and Council,

Thank you for your participation and co-operation in the preliminary review conducted by my ministry in response to the petition for an inquiry into the affairs of the council and Chief Administrative Officer of the Village of Longview.

The purpose of the preliminary review was to identify and better understand the concerns and issues that led to the petition. The process included a review and analysis of information the village is required to submit annually to the ministry and visits to the municipality to interview key individuals.

The preliminary review identified matters that are a cause for concern, particularly with respect to the functions of council. I have also considered the upcoming 2017 municipal general election and the potential for substantive changes in the composition and direction of council. On that basis, I have decided to defer my decision on a response to the petition pending the outcome of the October election.

I will advise you of my decision after the October 2017 election.

Sincerely,

Hon. Shaye Anderson
Minister of Municipal Affairs
