March 2023

COUNCIL MEETING: The next Council meeting will be on Tuesday **March 21** at 5:30 p.m. in council chambers. Everyone welcome.

The agenda package contains the unapproved financial report presented at the meeting or the approved financial report is available the following month.

Please call the office 403-558-3922 if you would like more information.

COMMITTEE OF THE WHOLE MEETING: The next COW Meeting will be held at 5:30 p.m. **March 7th** in the **community hall**.

GRASS/LEAF COMPOST & TREE BRANCH PILES Please dispose of your grass clipping, leaves and tree branches in the area designated for them down by the public works yard.

Please **DO NOT** throw garbage or garbage bags in with the clippings. There are garbage cans for the bags.

HAND SANITIZER & MASKS

The Alberta Government had a surplus of some PPE items, they offered those items to Municipalities at no cost.

The village has hand sanitizer and masks available at no cost to those that can use them. If interested please contact the office 403-558-3922.

SNOW REMOVAL

According to **Bylaw 405a-19** property owners are ultimately responsible for the removal of snow from sidewalks within **24 hours** after snow has stopped falling. If snow is continuous, an effort must be made to remove the snow as soon as possible **please**.

FROM THE CAO

Hello everyone,

I must say I am impressed with Council being intentional about setting priorities.

The Council and CAO had their first strategic planning session, February 3, 2023.

As a leadership team, including our frontline pillars of the Village, June, Linda and Justin, we are working to continue organizing the office and its many files. While also working in collaboration with municipal partners and the various levels of government to maintain the Village's cultural identity and at the same time bring about more profit, with the ultimate goal of achieving a sustainable future. This likely will mean growth in the Village population. However, Council and admin have a goal to never lose sight of the Village cultural identity and legacy.

I am so very pleased to see residents coming forward to work on our prized committees, residents who have a lot of inspiration, drive, passion and expertise. We even are impacting school age kids with municipal dialogue and sharing. If this describes you and you want to volunteer or have ideas for the Village, please reach out. We will be happy to help connect and direct you to the right places and take in your ideas!

With all of our responsibilities we want to take this time to thank you in advance for your patience and understanding as we do our best to serve you. We continue to encourage a welcoming, supportive and respectful environment in the office. Lastly, I am happy that Council has a priority to try and listen to the residents as Council has intention to do what is best for the residents of the Village.

LONGVIEW LIBRARY NEWS

With spring just around the corner, it's time to start thinking about gardening again. Along with some great gardening books, our tomato and peppers seeds are available for those who would like to start planting indoors. We're also planning another seed swap for **April 5th** with door prizes, snacks and of course, seeds! Our seeds are all free. All we ask is that you bring some to trade if you can. We will have a selection of, flowers, vegetables, and herbs.

We are working on facilitating a **craft/game afternoon** once a month for adults and after-school for youth. Still working out a few details so keep your eye on the notice board and social media.

Calling all **Yellowstone fans!** Season 5 Part 1 DVD release is scheduled for May 9th. The library has pre-ordered a copy so library patrons can start placing holds. Another pre-ordered DVD is the movie **Women Talking**. Women Talking is based on Canadian author Miriam Toews's 2018 novel by the same name. Toews grew up in Steinbach, Manitoba, and often writes about her Mennonite past. Based on a true story, the 2023 movie directed by Sarah Polley, has been nominated for two Academy Awards including best picture.

A few braved the cold during teachers' convention and stopped in to make some slime and a cd spinner. Supplies to make your own spinner will be out for the month of March so stop in after school if you would like to make one of your own. Bring a friend and challenge them to a game of chess or one of the other games offered.

Just a reminder that the library has smart hubs, iPads and literacy kits to check out for Longview patrons. Radon testing kits are also available until May 1st.

LONGVIEW BIBLE FELLOWSHIP NEWS

The church is meeting regularly on Sunday mornings for morning worship at 11.00 am, Everybody is welcome.

Since Christmas there has been a significant increase in attendance. The growing congregation is embracing both traditional forms of worship and experimenting with intergenerational interactive worship for all ages in an inclusive presentation. It involves very young school age children to senior citizens. The format is an open one in which faith questions and their application are freely discussed in a non judgmental fashion. And the children interact with the adults in activities that are designed to support the theme for the day.

Longview Bible fellowship is offering a free course using the book "Boundaries" by Dr. Henry Cloud and Dr. John Townsend. Sessions will take place in the church, 127 Kee Drive in Longview at 1:00 pm on Friday afternoons, March 10, 17, 24 and 31st. Katheryn Richmond will be our facilitator. Sometimes we are overwhelmed with the demands of life and wonder when to say "yes" and when to say "no" and still be a loving person. Witten by Christian clinical psychologists and using scripture we will discuss how to navigate through difficult decisions.
